

Our Teaching Methodologies

"If a child can't learn the way we teach, maybe we should teach the way they learn"

Benefits of Our Methodologies

The world of education is constantly **changing** and **evolving** as we are preparing our students to meet the demands of the modern world. Education is no longer content-based, instead we are moving towards a **learner-centered model** to preparing our students to be great **critical thinkers** to lead independent lives. Our teaching methods are carefully designed and aligned to meet the **21st century** learning competencies.

Differentiated Learning

Learning is **customised** based on student's **strengths, needs, skills, and interests**. Every student has their own **learning plan and schedule** that's based on what they know and how they learn best.

Specially Designed Lesson Materials

Our Signature Topical Summary, Topical revision notes and worksheets are **specifically tailored** to students' learning progress which are curated by our curriculum specialists. Each week, our **teaching specialists** create interesting lesson activities to **promote active learning** especially with **global affairs**.

Blended Bite - Sized Learning Tools

Learning should take place **anywhere and everywhere**. We have our own online **Revision and Learning** resources that students can engage outside the classroom.

In - House Mini Experiments

Our experiments **promote discovery and learning** especially when new ideas are introduced. It aids to clarify **puzzling aspects** of topics with which students typically struggle.

Digital Learning Experience

Students prefer engaging, **visually-stimulating**, interactive educational materials that require them to collaborate with their peers. We use an **inquiry-based** approach that is embedded with **modern day technologies** to stimulate interest, fun and **sharpen critical thinking skills** for students.

Essential Exam - Taking Skills

We have our own specialised **Exam Taking Skills Analysis** that has been practiced in both **MOE and Special - needs schools** to prepare students physically and emotionally ready for examination battles.

Regular Feedback & Reflections

Immediate feedback and regular reflections has a **great impact** on students. As such we have our **regular feedback** session with parents and students to bridge any **learning gaps**.

1:1 Learning Support

Our teaching specialists are always ready to **provide support** for students with their queries through their preferred platforms. This ensure that students receive **maximum support** during their personal revision.
